MARKETING · TEMPLATE

# Campaign Planning Templates for Founder-Led, Partner, and Network Email Marketing

Three plug-and-play planning templates (one per campaign type) for a team running demand generation without a dedicated marketer.

> How to use this: Complete one full template per campaign before launching it; each is designed to be filled out in under 30 minutes and reused for future rounds of the same campaign.

## Campaign 1 (founder-led content): brief

Use this to scope a batch of founder content before writing the first post.

Specific problem/decision/mistake this batch of content will describe:

Target segment who will recognise this situation immediately:

Platform(s) this will be published on:

Number of pieces planned in this batch:

Call-to-action at the end of each piece (specific, not generic):

## Campaign 1 (founder-led content): assets needed

- [ ] List of 5-8 real, specific situations/decisions worth writing about
- [ ] One-line hook drafted for each situation before writing the full piece
- [ ] Simple visual or screenshot to accompany each post, if applicable
- [ ] A tracking sheet for publish dates and links

## Campaign 1 (founder-led content): steps and success metrics

| Step | Owner | Target date | Success metric |
|---|---|---|---|
| Draft list of specific situations to write about | | | List completed with 5-8 entries |
| Write and publish first 3 pieces | | | 3 pieces live |
| Track engagement and direct replies/DMs per piece | | | Number of substantive replies or profile visits |
| Follow up personally with anyone who engaged meaningfully | | | Number of follow-up conversations started |

## Campaign 2 (partner co-marketing): brief

Use this to scope a single co-marketing arrangement with one partner at a time.

Partner name/type (agency, freelancer, adjacent tool, etc.):

Why this partner's audience overlaps with the target segment:

Proposed format (joint content, referral exchange, joint webinar, bundled offer):

What each side contributes and what each side gets:

## Campaign 2 (partner co-marketing): assets needed & steps

| Item / step | Owner | Target date | Status |
|---|---|---|---|
| Shortlist of 5-10 candidate partners | | | |
| Outreach message drafted and sent to top candidates | | | |
| Format and terms agreed with responding partner(s) | | | |

| Item / step | Owner | Target date | Status |
|---|---|---|---|
| Joint asset (content / webinar / referral link) produced | | | |
| Joint asset published / launched to both audiences | | | |

## Campaign 2 (partner co-marketing): success metrics

- [ ] Number of partners contacted vs. number who responded
- [ ] Number of referrals or leads generated from partner audience
- [ ] Number of new email/contact list additions from joint activity
- [ ] Whether the partnership is worth repeating or extending

## Campaign 3 (network email sequence): brief

Use this to scope one outreach sequence to the existing network (former colleagues, past clients, warm connections).

Segment of the network this sequence targets (e.g. past clients, former colleagues, event contacts):

One specific ask this sequence is building toward (call, referral, intro, feedback):

What proof or update justifies reaching out to them now:

## Campaign 3 (network email sequence): assets needed

- [ ] Cleaned list of contacts for this segment with names and context notes
- [ ] Message 1 drafted: specific, personal, low-pressure opener
- [ ] Message 2 drafted: adds new information or proof point
- [ ] Message 3 drafted: low-pressure final check-in
- [ ] Simple tracker for sent/opened/replied per contact

## Campaign 3 (network email sequence): steps and success metrics

| Step | Owner | Target date | Success metric |
|---|---|---|---|
| Finalise segmented contact list | | | List complete and deduplicated |
| Send Message 1 to full segment | | | Send completed; reply rate tracked |
| Send Message 2 to non-responders after set interval | | | Reply rate on follow-up |
| Send Message 3 final check-in | | | Total conversations started from sequence |
| Log and follow up on every response individually | | | Number of calls / referrals booked |
